

Amendments and Clarifications to Current Documents

The following document has been published containing minor errors or ambiguities. These are listed below with the amended text.

The changes will be incorporated into the document during the next revision of the document.

| | | | | | |
|-----------------|---|----------------|-------|---------------------|------------|
| Document number | RIS-1700-PLT | Document issue | 1 | Document issue date | April 2007 |
| Title: | Rail Industry Standard for Safe Use of Plant for Infrastructure Work | | | | |
| Section: | Part 5 | Clause number | GN056 | | |
| Amendment text | The wording is unclear and could be misconstrued. The clause should read as follows: Where excavators are used, the preferred method of using them for tandem lifts is set out in M&EE Code of Practice 008. | | | | |
