

## Amendments and Clarifications to Current Documents

The following document has been published containing minor errors or ambiguities. These are listed below with the amended text.

The changes will be incorporated into the document during the next revision of the document.

Document number	<b>RIS-1700-PLT</b>	Document issue	1	Document issue date	April 2007
Title:	<b>Rail Industry Standard for Safe Use of Plant for Infrastructure Work</b>				
Section:	Part 3	Clause number	3.1.3		
Amendment text	<p>The distance shown under a) is incorrect, the distinction by line speed contravenes the requirements set out in the Rule Book. The clause should read as follows:</p> <p style="padding-left: 40px;">The planning process shall ensure that, unless this line is protected as set out in Rule Book modules T2, T3 or T4, the intended route of any road vehicle allows no part of the vehicle or any part of the load to encroach to closer than 6 feet 6 inches (2 m) to the closest railway line.</p>
