

Amendments and Clarifications to Current Documents

The following document has been published containing minor errors or ambiguities. These are listed below with the amended text.

The changes will be incorporated into the document during the next revision of the document.

Document number	GM/RT2005	Document issue	Three	Document issue date	June 2003
Title:	Certification Processes for NDT Operatives, Equipment and Facilities used for Inspecting Rail Vehicles				
Section:	3.2	Clause number	3.2.5 to 3.2.9		
Amendment text	The numbering of the sub-headings from 3.2.5 onwards is incorrect. There are two numbered 3.2.5 and therefore all subsequent sub-headings are incorrectly numbered, although the numbering of the actual clauses is correct.
